CENTERING CONES
Order 6" centering cone separately.

7310-2000—KIMAX PORTABLE GLASS PIPE CUTTER 1½" & 2"

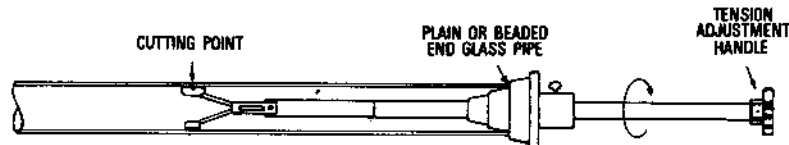

This KIMAX Glass Pipe Cutter is designed specifically for faster field cutting of 1½" & 2" pipe. Complete cutter consists of the new scoring head assembly, article number 7310-S-1000, plus tension handle & extension handle sub-assemblies & 1½" - 2" cone.

Note: The cutter head, 7310-S-1000, illustrated below, connects to our standard extension handle and tension handles, enabling contractors to purchase the new head for use with existing handles.

See KIMAX Drainline Installation Guide SPS-65-1 for further information about cutting tools and for detailed installation and pipe cutting instructions. Installation guide and further information is available by contacting your local KIMAX Drainline Distributor or Schott Scientific Glass, Inc.
